

Dear 6<sup>th</sup> Grade Families,

During this school year, your student will be learning from all 6<sup>th</sup> Grade teachers for the core subjects.

Each year, instead of asking our families to help provide supplies, we ask for \$15 per student. The money will provide your student with all the supplies required for classes over the school year.

If the \$15 is a financial burden on your family, we ask that you send in what you can afford, and we will cover the remainder.

Please submit **cash** in a sealed envelope with following label:

Please send your student in with envelope during the first week of school. We thank you for you and are looking forward to a wonderful school year!

Sincerely,  
6<sup>th</sup> Grade Teachers
