Parking Guidelines Agreement

Parking a vehicle on school grounds is a privilege.

Permission will be granted at the beginning of each school year at the discretion of the administration. Simply completing the application process does not allow a student to park on school grounds.

There is a direct connection between students with vehicles and student issues regarding tardiness, and skipping school. A strong stand will be taken to eliminate these issues. A student wishing to park on school grounds must complete an application through the Main Office. The application process is not complete until all forms are signed by all parties and a parking tag is issued. Students must comply with rules and regulations as specified on the application.

Parking privileges will be revoked for the following violations:

- Speeding
- Parking violations
- Being in vehicles during the day
- Leaving school grounds without permission
- Arriving late to school
- Students must be here on time. After 3 tardies parking privileges may be revoked.

I agree to the above guidelines, and I understand the consequences if I commit a violation:
