Senior Short Day Contract

Early release from school is a privilege that may be granted to seniors who meet specific guidelines. Senior short day permits qualified students to be dismissed up to two periods early in the afternoon only. Students will sign out in the Attendance office every day and exit through the main entrance on Buc Blvd.

Students wishing to be considered for senior short day must submit this completed application/contract to the building principal by _____, of his/her junior year. In order for students to be considered for senior short day, the student must:

- Be scheduled to graduate in June of the student's senior year
- Have permission from parent/legal guardian
- Be in good behavioral standing
- Receive written authorization by the building principal

In order for students to keep senior short day in their schedule throughout their senior year, seniors must maintain a 65 or above average in all classes required to graduate. Grades will be reviewed quarterly to ensure that seniors are passing all required courses. Students who fail one or more required courses at the end of any quarter will have senior short day revoked and replaced with a study hall.

Name: _____

1. I certify that this student is a senior in good academic standing to graduate in June.

School Counselor's signature

Date: _____

Concerns:

2. I certify that this student is currently in good standing, (relative to attendance and behavior).
