Policy # 5140

The administration of the annual budget is an executive function which is the responsibility of the Superintendent of Schools and the administrative staff. Under the direction and control of the Superintendent, funds may be expended within budgetary appropriations without prior approval from the Board of Education.

The Board may make additional appropriations or increase existing appropriations using funds available from the contingent fund, surplus revenues or unencumbered balances in appropriations, or as otherwise provided by law.

The Superintendent shall acquaint District employees, through the administrative staff, with the full provisions of the budget and guide them in planning to operate effectively and economically. Under the direction of the Superintendent, the Assistant Superintendent for Business shall maintain such accounting records as are or may be required by the New York State Uniform of Accounts for School District or the Board, or as otherwise deemed necessary. The Assistant Superintendent for Business shall keep all of the various operational units in the School District informed of the status of their budgets through periodic reports.
