

Policy Information

Series 7000 - STUDENTS

STUDENT PROGRESS

Post-Graduate Study

Policy # 7221

Any Oswego High School graduate may audit courses or may enroll to audit such courses at the Oswego High School only if it is determined that such courses are not available through adult education programs. The graduate may not take the course for high school credit. Students will be allowed to audit courses as long as there is no additional expense to the District and space and materials are available.

When graduates are allowed to attend class, they will be subject to removal from courses and will lose auditing privileges if there is a violation of the rules and regulations governing undergraduate students.

Adoption Date: 12/20/2011
