A red arrow points from the "View Drug Pricing" button at the bottom to the right screenshot. The right screenshot, titled "Drug Cost Results", shows the search results for "Novolog 100/ml Inj (brand)". It lists two options: "GENERIC" and "BRAND". The "GENERIC" option shows a cost of "\$217.89* for 1 month" with a "Cost Details" link. The "BRAND" option shows a cost of "\$300.00* for 3 months (\$100.00 month)" with a "Cost Details" link.
